“THE BEST”

“The F3 is the best performance MX boot I have ever worn.”

RICKY CARMICHAEL

“COMFORT IS SECOND TO NONE”

TWMX MAGAZINE

“The F3 delivers bang for the buck!”

MXA MAGAZINE

PIVOTLOCK™ BUCKLE

SOLID AND SECURE

The all new buckle lever shape makes the buckles more secure and more intuitive in function. The lip of the lever automatically engages and aligns itself for a simple and secure fit. Buckle bases pivot on their axis allowing perfect alignment between buckle and strap. This provides maximum support with unparalleled flexibility.

BIOMORPHIC CHASSIS™

PROTECTION AND SUPPORT

Protection & support. A one-piece, 3D chassis has been engineered to more precisely match the curves of your foot. Using multi-density plastics, we made specific regions of the chassis harder for protection and support, while leaving other regions softer for flexibility and comfort. Shaped to match your leg, the 3D molded shin plate and calf guard fit great, with or without a knee/shin guard or knee brace.

DURATRAK™ OUTSOLE

DURABLE

Improved durability. The tread design is inspired by the highly successful herringbone design, originating on the Fox Forma Pro. The race-inspired sole allows for 100% foot peg interface in any foot position.

F3 BOOT

Boot Style No. 05019

\$329.95

The most unique boot to hit the market in years. The all-new Fox F3 boot combines the ultimate in sole technology, revolutionary materials and superior construction to keep the world's fastest racers safely in touch with their ride.

Ricky and Bubba have been standing solid in the F3 boot to ensure it meets your standards. They built it to win.

TRACKER BOOT

Boot Style No. 05020

\$139.95

The popular, feature packed boot comes in to 2008 as an extremely attractive package. Top grain leather burn guard, aluminum buckles and an anatomically shaped chassis keep the Tracker on target year after year.

- Anatomically contoured shin plate follows your every move
- Pivotlock™ aluminum buckle system offers simple and secure fit
- Leather burn guard minimizes heat while maximizing grip
- Tough rubber outsole initiates tremendous footpeg grip
- Replacement soles, straps, buckles and toecaps are available
- Rugged steel toecap

Fox Limited Edition

ONCE THEY'RE GONE...THEY'RE GONE

Fox has been shaping the face of motocross apparel for over 30 years. Our rich heritage, coupled with our relentless pursuit of excellence has paved the way for our Limited Edition Program. Loaded with high-performance features, the F3 has been the most dominant MX boot of 2007. It has been tested and proven every weekend by James Stewart and Ricky Carmichael as they dominated the competition. We are proud to announce the LE F3 Boots as the first of the Limited Edition products to be released in 2007. Own a piece of history-in-the-making : Fox Limited Edition.

V3 ENCORE 2 HELMET

Helmet Style No. 01052

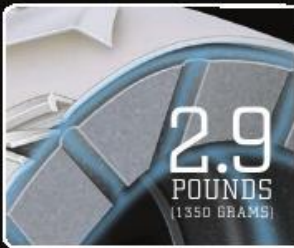

\$375.00

The top look on the top lid. The Encore 2 graphic on the V3 is the best of the best.

SMART VENTING SYSTEM

SERIOUS AIRFLOW
With a network of 14 vents flowing air through the triple-channel, inner shell, cooler heads will prevail in the heat of battle. Loading off with a mesh-screened front vent that sucks in cool air while keeping roost out, there are 10 intakes and 4 exhaust ports to provide serious airflow.

SUPER-LIGHT CONSTRUCTION

REDUCED WEIGHT
The latest in helmet technology and advanced materials unite in a featherweight, 2.9-pound package. Constructed from a composite of Carbon Fiber, Kevlar® and fiberglass, the outer shell is as strong as it is light. Every detail has been considered with weight savings in mind.

MOISTURE-WICKING DESIGN

NO-SWEAT SOLUTION
The moisture-wicking, Coolmax® open-air liner pulls sweat off hot heads and dries quickly between motos. The interior, cheek pads and retention-strap guards remove easily for washing, making for a simple, effective, no-sweat solution.

HOW IT WORKS

- NEW** two piece removable mouthpiece for ease of cleaning
- NEW** rear vent design to maximize airflow
- Strong, lightweight composite Carbon fiber, Kevlar® & fiberglass outer shell construction
- Multi-channel internal EPS liner helps distribute air through the entire helmet
- Fully removable and washable Coolmax® comfort liner & cheek pads
- Super-wide eye port optimizes peripheral vision
- Smart Venting system includes 10 intake ports & four exhausts for superior cooling
- Adjustable intake vents open up for airflow & lock down to retain heat in cold conditions

V3 RACE HELMET

Helmet Style No. 01017

\$375.00

Never has a helmet been so dominant. The V3 helmet — the only choice for Ricky Carmichael and James Stewart — has seen more victory laps, champagne baths and fist pumps to the crowd than any helmet known to man. It makes sense, really. With the most advanced features and the best style, the V3, like the champion inside it, truly is elite.

The V3 Race comes complete with its own premium lined helmet bag, extra visor and visor screw set.

HOW IT WORKS

- 1 Dual Venting Channels in the shell suck out moisture and heat
- 2 Integrated roost guard shields your face
- 3 Innovative cheek pad ventilation channels keep cheeks cooler and dry out quicker
- 4 Aerocool comfort liner & cheek pads for superior fit & moisture control performance
- 5 Injection molded polycarbonate shell design provides style & function

HC:180

BEST IN CLASS

The Fox value line takes a huge leap for 2008. Adding incredible prints and patterns has made your motocross dollar stretch a whole lot more. Inspired by today's 4-stroke technology, the 180 pant is greatly improved for '08 - now featuring full coverage leather panels on the knees. The HC/180 pairing boasts overwhelming attention to detail behind its extremely affordable price. Take the 180 train to good looks and great performance.

HOW THEY WORK

JERSEY

- 1 Set-in sleeve construction for unrestricted fit
- 2 Ergonomic, pre-curved race construction
- 3 Moisture-wicking polyester main body keeps you dry
- 4 Soft Rib V-Neck band gives comfort & ventilation
- 5 Anti Snag Micro-cuffs for unrestricted wrist movement
- 6 Fade-free, sublimated graphics

PANT

- 1 Stretch panels at back, knee, crotch & lower back
- 2 Double-needle stitching gives strength & durability
- 3 Stretch front gusset adds mobility
- 4 Heat & abrasion-resistant leather inner knee panels
- 5 Fly-Cam waist closure for positive engagement
